

BDORT PATIENT INSTRUCTIONS

RECORDS

1. Write ALL of your symptoms on paper
2. Write your chief complaint (the one that bothers you the most)
3. Write the medical history of these complaints (include dates). Write your dental history and include dates.
4. Write the doctors you have seen, the tests that were performed, the results and their diagnosis
5. Bring to the seminar: All written records of these tests including MRI's, CAT SCAN's, X-Rays, EKG, EEG, etc

SPONSORING DOCTOR: Write the doctors name, address, phone number, and any University Affiliations

CLOTHES

Please bring several changes of clothing for Dr Omura to test including underwear, socks, shoes, t-shirts, briefs, shirts, trouser and sleepwear. Do not bring anything black or with metal on it or any jeans (blue jeans are usually negative). He will not test any black clothing or jeans or clothing with metal on it. Wash all clothing & then rinse the clothes in white vinegar to remove the soap & rinse again in water. Do not use Downy or the dryer cloths. Dry the clothes with no additives or fragrances. Hang in the sunshine if available. He will check up to 25 items of clothing. If clothes need to be dry cleaned then dry clean them instead of washing them.

If you come to the seminar and none of your clothes are positive, you can go shopping. Buy light colored clothes & leave the tags on them. Bring these new clothes for Dr Omura to test. If these new clothes are negative and the tags are still on them you can take them back to the store & get your money back.

MEDICATIONS & SUPPLEMENTS

Please bring all prescribed medications to the seminar. Also bring all the supplements you are taking to the seminar.

BE AVAILABLE

Give your cell phone number in case we need to get in touch with you during the seminar days.

Dr Omura starts testing the patients Friday afternoon and rechecks them Saturday and Sunday afternoon.

Attendance at the seminar helps you understand the Bi-Digital O-Ring Test as well as Dr Omura's findings and his recommendations.

WRITING ANALYSIS FORM

Dr Omura will have you fill out his writing analysis form while at the seminar. He will then analyze your Writing Analysis Form. The results will be announced. This is a teaching seminar & workshop. Your records & case history will be discussed. You will be in front of the class. We will get to know you. You will learn more about yourself.
